

Neon Insights

Project Overview

Purpose: Allow users to view key insights on their Customers, Products, and Sales data. Allow users to add/delete/edit Customer and Product data and add Sales.

Design Inspiration

[Qlink Logistics Webapp by DesiznLab Studio on Dribbble](#)

Tasks

 Task name	 Status	 Assignee	 Due date
<u>User Registration</u>	Done		
<u>User Confirms Email</u>	Done		
 <u>Untitled</u>	Not started		

? Change Log (Pivot Tracker)

Date	What Changed?	Why?
08/14/2025	Planning Doc Overhaul	Previous planning document was bloated and too large.

Quick Notes & Ideas

- Add starting "dummy" data for each registered user
- Edit inventory items

Visual Snapshot (optional)

(Embed sketches, flowcharts, screenshots here)

Reminder: Update “Current Status” and “Change Log” weekly or after big pivots.
